Inside this document

Permission rules 1-12 with how each appears on screen

24 updated screens, each with the rule numbers it enforces

Notes on backend integration and decisions

Colours, sidebar, typography and components follow the approved designs. Only missing or inconsistent parts changed.

Owner: what the rules say and what the screens show

#	Action	Matrix rule	Status	Where it shows in the UI
1	**Sign in and view own profile**	Yes	ALLOWED	Footer shows the account and role.
2	**Upload documents**	Yes	ALLOWED	Complete upload form (PDF, JPEG or PNG, up to 5 MB) with progress, success and error states.
3	**Search and list documents**	Own documents and documents shared with them	CONDITIONAL	My documents, Shared with me and Search, scoped to owned or granted.
4	**Read/open a document**	Own documents or an active grant	CONDITIONAL	Open on My documents and Shared with me.
5	**Download a document**	Own documents or an active grant	CONDITIONAL	Download on the document page.
6	**Edit a document**	Own documents or an explicit Edit grant	CONDITIONAL	Edit on My documents with an Edit Document screen.
7	**Delete a document**	Own documents only	CONDITIONAL	Delete with a confirmation dialog.
8	**Share a document**	Own documents only	CONDITIONAL	Share and Grant access on own documents only.
9	**Revoke another user's access**	Own documents only	CONDITIONAL	Revoke access with confirmation and result.
10	**View global audit logs**	No	DENIED	No ADMIN ONLY section.
11	**View activity on owned documents**	Yes, for their own documents	ALLOWED	Activity tab on each owned document.
12	**Create users, change roles, disable accounts**	No	DENIED	No Users menu item.

Screens changed or added in v3

Screen	Title	Status	Correction
1	**Dashboard**	ADDED	New: the menu had a Dashboard but no screen.
2	**My documents**	CHANGED	Files are PDF, JPEG or PNG only.
3	**Upload: default form**	ADDED	New: complete default form with 5 MB and format guidance.
4	**Upload: file selected**	ADDED	New: filename display and enabled Upload.
5	**Upload: uploading**	ADDED	New: progress state.
6	**Upload: success**	ADDED	New: success message from the server.
7	**Upload: unsupported type**	ADDED	New: unsupported-file-type error.
8	**Upload: file too large**	ADDED	New: oversized-file error (5 MB maximum).
9	**Upload: failed**	ADDED	New: operation-failure state.
10	**Edit document**	CHANGED	Replace-file guidance now says PDF, JPEG or PNG, up to 5 MB.
11	**Edit: validation error**	CHANGED	Unchanged apart from file guidance.

Screens changed or added in v3

Screen	Title	Status	Correction
12	**Edit: replacement file rejected**	ADDED	New: invalid replacement-file error.
13	**Delete: confirm**	CHANGED	Wording now states permanent deletion and audit retention.
14	**Delete: deleting**	ADDED	New: loading state, buttons disabled.
15	**Delete: succeeded**	CHANGED	Success shown after the server confirms.
16	**Delete: failed**	ADDED	New: failure state; the row stays.
20	**Activity tab**	CHANGED	Example-data label added. Files are PDF, JPEG or PNG.
21	**Shared with me**	CHANGED	Unchanged apart from file names.
22	**Search**	CHANGED	Unchanged apart from file names.
23	**States: task results**	CHANGED	Messages now name the server.
24	**States: system**	CHANGED	Added empty-activity state.

Checklist: rules mapped to screens

#	Action	Status	Screens that show or enforce it
1	**Sign in and view own profile**	ALLOWED	1
2	**Upload documents**	ALLOWED	3, 4, 5, 6, 7, 8, 9, 23
3	**Search and list documents**	CONDITIONAL	2, 21, 22
4	**Read/open a document**	CONDITIONAL	2, 21, 24
5	**Download a document**	CONDITIONAL	No UI entry point by design
6	**Edit a document**	CONDITIONAL	2, 10, 11, 12, 21, 23
7	**Delete a document**	CONDITIONAL	2, 13, 14, 15, 16, 23
8	**Share a document**	CONDITIONAL	2, 17, 23
9	**Revoke another user's access**	CONDITIONAL	17, 18, 19, 23
10	**View global audit logs**	DENIED	No UI entry point by design
11	**View activity on owned documents**	ALLOWED	1, 20, 24
12	**Create users, change roles, disable accounts**	DENIED	No UI entry point by design

Delete, Share, Grant and Revoke appear only on documents the Owner owns. An Edit grant on someone else's document never gives Delete, Share, Grant or Revoke.

Notes: decisions and backend integration

Delete behaviour
No backend documentation of recoverable delete was supplied, so permanent deletion is shown. If deletion is recoverable, replace the dialog text with: it will be moved out of your list and can be restored. Confirm audit retention matches (audit records are kept).

Upload policy
5 MB maximum and PDF, JPEG or PNG, per the backend audit. The server validates every upload.

Replace file
Confirm the backend supports it and logs it.

Revocation
Success appears only after the server confirms. The next request must be refused by the API.

Activity data
Rows come from the audit table. Screens marked EXAMPLE DATA are design samples.

Assistant suggestion
Optional. Requires backend integration and must never widen access on its own.
