Checklist: rules mapped to screens

#	Action	Status	Screens that show or enforce it
1	**Sign in and view own profile**	ALLOWED	10
2	**Upload documents**	DENIED	No UI entry point by design
3	**Search and list documents**	CONDITIONAL	1, 8, 9
4	**Read/open a document**	CONDITIONAL	1, 2, 3, 7
5	**Download a document**	CONDITIONAL	1, 2, 3, 10
6	**Edit a document**	CONDITIONAL	1, 2, 3, 4, 5, 6, 7
7	**Delete a document**	DENIED	2, 3
8	**Share a document**	DENIED	2, 3
9	**Revoke another user's access**	DENIED	3
10	**View global audit logs**	DENIED	No UI entry point by design
11	**View activity on owned documents**	DENIED	No UI entry point by design
12	**Create users, change roles, disable accounts**	DENIED	No UI entry point by design

No screen offers Upload, Delete, Share, Grant or Revoke to a Viewer, including with an Edit grant.

Notes: decisions and backend integration

Edit grant
Allows open, download and edit of that one document. Never Delete, Share, Grant or Revoke.

Revocation
After revocation the server refuses the next request and records it. The UI then shows Document not found, with no editable form.

Replace file
Same rules as uploads: PDF, JPEG or PNG, up to 5 MB, validated by the server.

Search
Results come only from active grants. No counts for hidden documents.

Registration
Register creates a Viewer. Public registration can never assign Admin.

Example data
Names and files are design samples.
